

Houdini™

Now you see it, now you don't! The versatile workspace solution that's perfect for small spaces... or any space for that matter

Just like magic, the Houdini™ simplifies your choice of keyboard arms, because it works just about anywhere and does just about anything.

**Short Return?
Corner Work Surface?
No Problem!**

The Houdini pulls out far enough to work in a corner, but still retracts fully on a short, 17¾" track. Plus, it adjusts quickly and easily to follow various postures for low-risk keyboard positions. It does just about everything except check your spelling!

ADJUST THE WORKSPACE. DON'T ADJUST TO IT.

Houdini™ Features

- Patented design works on both corner work surfaces and short returns by working like an extended mechanism but stowing like a short arm (CornerShaper™ is needed for 90° corners)
- Position indicators for both height and tilt are practical and attractive
- Soft-touch wheel allows convenient, stable, one-hand tilt adjustment
- Provides a total travel range of 8" (5" below work surface; 3" above)
- Offers maximum seated flexibility, with a full 20° negative tilt and 10° positive tilt
- "Lift and Release" height adjustment is effortless and secure
- 360° rear swivel provides additional keyboard tray positioning
- Slim profile maximizes knee clearance when in use or retracted
- Exceeds the ANSI/BIFMA x 5.5 - 1998 industry performance standard
